

Dear E-Switch Customers,

As the COVID-19 situation continues to unfold quickly, E-Switch will be taking the critical steps to support the efforts to slow the advancement of the coronavirus in our community. As part of our social responsibility, we will be moving to a work from home program where we can and have put a temporary ban on all face to face meetings and travel. Our team is fully enabled with technology to work remotely and we plan to leverage that technology to stay in touch with video conferences.

Although we won't be meeting in person for a little while, please be assured that we expect our business to run as usual and we do not expect to see a drop in service levels. E-Switch will continue to deliver on our promise for Selection, Service and Speed.

Thank you for your trust and understanding during these times and please reach out at any time.

Mike Slater
